

Jquery File Upload With Progress Bar

Ajax file upload usage with <https://github.com/blueimp/jQuery-File-Upload> plugin as follows:

HTML Part

```
1 <div class="row">
2   <div class="col-sm-6">
3     <input class="file-upload" type="file"
4       name="files" data-form-data="1" data-url="/file-upload.php" />
5   </div>
6   <div class="col-sm-6">
7     <div class="progress">
8       <div id="progress-bar" class="progress-bar progress-bar-success"></div>
9     </div>
10  </div>
11 </div>
```

JavaScript Part

```
1
2 <script>
3   $(function () {
4     $('.file-upload').fileupload({
5       dataType: 'json',
6       done: function (e, data) {
7         $.each(data.result.files, function (index, file) {
8           $('<p/>').text(file.name).appendTo(document.body);
9         });
10      },
11      progressall: function (e, data) {
12        var progress = parseInt(data.loaded / data.total * 100, 10);
13        $('#progress-bar').css(
14          'width',
15          progress + '%'
16        );
17      }
18    });
19  });
20 </script>
```
